Workshop on International Trade and Industrial Organisation

The Trade and Industrial Organisation Group of ERSA is pleased to announce the following event:

Workshop on International Trade and Industrial Organisation

When: Tuesday 1st February – Thursday 3rd February 2011

Where: Ballito, near Durban

This is a workshop for locally based researchers to present their current work and discuss the work of others. Any research within the fields of international trade **or** industrial organisation is relevant, and both established economists and PhD students are encouraged to apply.

The time allocated to the presentation and discussion of each paper at the workshop will be fifty minutes. Our aim here is to enable the audience to get a good sense of the work and to provide useful feedback to the authors. One consequence of this is that the workshop will be limited to at most 24 participants. Flight and accommodation costs of participants will be covered by ERSA.

If you wish to participate please contact Jim Fairburn (fairburnj@ukzn.ac.za) by 25 October 2010. Please give the title of your paper and a short description (50-100 words) of the work. This information will enable us to select papers and establish a schedule for the workshop, which will be done by early November.

If the work you plan to present is already written up, please send this along with your application. Completed papers are not required at this stage, but they must be ready for distribution to discussants by mid-January.
