## Announcement

The Fourth Annual Monetary Economics workshop is dedicated mainly to research and policy contributions on the influence of international capital flows and the international policy environment on the South African monetary policy and general macroeconomic conditions.

The workshop will be a combination of technical presentation and roundtable discussions between academics and policymakers. South African researchers are invited to submit contributions and papers related to the theme for the organizing panel to consider.

**The deadline for abstract submission is the 20<sup>th</sup> of April 2014.**

ERSA will provide financial support to cover economy class flights, transfers and accommodation. While the workshop is free of charge, including breakfast and lunches, delegates are expected to pay for any other expenses incurred. Flights cannot be cancelled, and any changes are at the delegate's own expense and responsibility
